

## Extend the distance between your keyboard, video and mouse and your PC up to 1,000 feet.

### **UPCED** (for PS/2)

### **USBED** (for USB)

To locate a user console (keyboard, video and mouse) up to 1,000 feet from a PC, or to locate a user console up to 1,000 feet from CompuSwitch® or other KVM switches

### **USBEDU** (for USB)

To locate a PC with USB interfaces up to 1,000 feet from any Raritan or other KVM switch

### **AUPUSBC** (for USB)

To connect a PC with USB interface to KVM ports for local access

### **Extended access to PCs, servers or KVM switches**

Cat5 Reach enables you to access a single PC or multiple servers connected to a KVM switch from a remote location. The remote user console (keyboard, video and mouse) can be up to 1,000 feet (300 meters) away from the PC or KVM switch. In addition, a local user console can be connected. Different models support PS/2® or USB connections.

- Operate a PC from wherever you want to be.
- Keep your PC in a clean, secure environment.
- Protect the PC, applications and valuable data.
- Add a local user console, in addition to the remote user console.
- Control all servers connected to a KVM switch remotely.

### **Easy to install, easy to use, with Automatic Video Tuning**

Each Cat5 Reach model includes a transmitter and receiver pair for use with your Enhanced Cat5 UTP cable. Just plug a keyboard, video and mouse into the receiver and operate. Automatic Video Tuning (AVT) adjusts the video quality automatically – no manual adjustments to make – so the receiver does all the work.

### **Features**

- Automatic Video Tuning (AVT) in the URKVMG receiver unit adjusts video quality automatically.
- High quality video to 1280x1024 resolution at 650 feet and 1024x768 resolution at 1,000 feet (300 meters).
- Supports servers or PCs with Mac®, USB or serial connections, via optional converters.
- Local user console connection in addition to the remote user console for additional convenience.

# Specifications

<b>UKVM</b> (Transmitter for PS/2) / <b>AUPUSBC</b> (transmitter for USB)
